## SUMMARY

Information Technology student. I consider myself a responsible person with good communication, multitasking and analytical skills. I look forward to make a significant contribution to success with my skills at a reputed company.

## EXPERIENCE

### Intern

#### Procorp

May 2024 – Nov2024,Hyderabad

Underwent training for DevOps using various tools provided by ProCorp company. This training was designed to equip me with the necessary skills and knowledge to manage and automate the software development lifecycle, including integration, testing, delivery, and deployment processes.

### Intern

#### Evolute-IQ

June 2023 - August 2023, Bengaluru

Utilizing the Evolute IQ platform, we have harnessed the capabilities of a low-code, no-code solution to effortlessly create a dynamic website for ordering purposes. This innovative platform empowers us to streamline the website development process with minimal coding requirements, making it accessible to individuals with varying levels of technical expertise

## PROJECTS

### AI-Powered Website Builder

<https://github.com/SiddarthaPoola/Webbloom>

- Developed an AI-driven web application that automates website creation by generating project structure, files, and code based on user inputs.
- Built the frontend using React.js and Tailwind CSS, integrated AI-powered step generation with Node.js and Axios, and enabled live code execution using Web Container API.
- Implemented a dynamic file management system and code editor for real-time modifications, preview, and seamless user experience.

### Cloud kitchen Management

#### Evolute-IQ

June 2023 - August 2023

- Developed a web-based platform for managing cloud kitchen operations using the Evolute-IQ platform.
- Enabled seamless order tracking, inventory management, and customer feedback collection, reducing manual effort by 50%

### Library Management

- Designed and developed a full-stack web application for managing library resources using React.js, Node.js, CSS, and MongoDB.
- Implemented features such as book tracking, user authentication, and digital asset management, improving operational efficiency by 30%.

## EDUCATION

### Manipal University Jaipur

B Tech in Information Technology • 2024 • 8.23

## CERTIFICATIONS

### Mastering Data Structures and Algorithms - Udemy

Data Base Foundations -Oracle

## INVOLVEMENT

**Manipal University Jaipur-** Organized and participated in competitive programming Codeathons—CryptX, CodeGlitz & Hackraft as part of the Randomize Club. Member of the Sponsorship Committee at **Oneiros'22**, the annual cultural fest of Manipal University Jaipur.

## EXPERTISE

**Languages:** C/C++, Java

**Front-End:** HTML, CSS, JavaScript, React.js

**Back-End:** Node.js, Express.js,PHP

**Database:** SQL, Mongo DB **DevOps:** Docker, AWS, Git, GitHub, Linux, Bash, Terraform, Ansible
